

Panel of Potential E-scrap Vendors

6th Annual S.C. Recycling and Solid Waste
Professionals Conference – October 16, 2012

Finding E-scrap Recoverers

- Electronic equipment collected through local government programs must be recycled by a recoverer that – at a minimum – complies with the responsible recycling practices (R2/RIOS) or other comparable industry or governmental standards.
- The S.C. Department of Health and Environmental Control recognizes that recycling facilities that are (1) **R2 certified** or (2) designated as **e-Stewards Recyclers** have satisfied this requirement.
- Visit **www.scdhec.gov/e-cycle**, click on “Local Government,” scroll down to “Recovery Program” and click on “R2 certified” or “e-Stewards Recyclers” to view lists of recoverers that meet the state's recovery standards

E-scrap Panelists

- **Bart Edge – eCycleSecure**
 - bart@ecyclesecure.com
 - (910) 616-9256 (m) or (704) 376.1116 (o)
- **Albert Hacker – Sims Recycling Solutions**
 - albert.hacker@simsmm.com
 - (615) 410-8265 (m) or (615) 751-5840 (o)
- **John Birkholz – Synergy Recycling**
 - johnb@synergyrecycling.com
 - (919) 619-4862
